

# ACMP MIDWEST

Association of Change Management Professionals

Dear ACMP Midwest Members,

We are thinking of you. We are so fortunate to have each other during this time of pandemic, crucial health considerations and such rapid change. On behalf of the Association of Change Management Professionals (ACMP) Midwest Chapter and the Board of Directors, I want to thank you for everything you're doing to ensure the highest level of safety and health for our local communities, our families, our teams and organizations, and overall the World to ensure we arrive at our ideal, future state. We are sending you and your families positive and healing energy, especially if you and/or someone close to you has been affected by COVID-19. Know that in this time, you have an entire world of ACMP members to connect with, and ensure that you are supported.

This is a time that we as change professionals have trained for, we've developed competencies and behaviors, and built our change management repertoire to prepare us for these types of moments – to serve as role models and leaders to get us to our ideal future state. Through ACMP Midwest and our experience, we are prepared to stand up and set the tone for how we lead through these changes, so rapidly. As an ACMP Midwest member, we can lead these changes successfully by lending our expertise to others, and giving to others in ways that we can to achieve the most positive outcomes.

We are here alongside you, to energize you, keep you connected to each other and provide a safe place of support – providing world-class learning experiences with top thought leaders in our industry for personal and professional development, an active connection to other ACMP Midwest members through virtual events to promote growth, and access to resources that will continue to keep you leading at the forefront of change.

Times like these shine a light on the most critical and deepest needs of ourselves, and those around us. Please take care of yourselves and the people closest to you – spend time on self-care, take this time to identify where you are with change and note that a year from now, we'll be able to look back and be proud of the way that we led through this time.

During this time, look to ACMP Midwest, your association professional home.

Please reach out anytime, find information at [www.acmpmidwest.org](http://www.acmpmidwest.org) and through our emails, connect with us on LinkedIn, and send a note if there is something we can do that could support you.

All My Best,

Stephanie Waite, MSLOC, BSEd  
President, ACMP Midwest
